STANDARD PRACTICE

NATIONAL OCCUPATIONAL SKILLS STANDARD (NOSS) FOR;

SECURITY SERVICES OPERATION

LEVEL 2

1. INTRODUCTION

GUARD AND SECURITY SERVICES in Malaysia comes under the Kementerian Dalam Negeri (KDN) and the regulatory bodies that are involved are The Royal Malaysian Police, Malaysian Immigration Department, National Registration Department, with the guidelines made by various government agencies. Guard and Security firms and proprietary security departments practice the "detect, deter, observe and report" methodology. Guard & Security Services Operation personnel are not required to make arrests, but have the authority to make a citizen's arrest, or otherwise act as an agent of law enforcement, for example, at the request of police personnel.

A Security Services Operation personnel's primary duty is the prevention and deterrence of crime. Guard & Security Services Operation personnel are allowed to enforce company rules and can act to protect lives and property and they often have a contractual obligation to provide these actions. In addition to basic deterrence, Security Services Operation personnel are trained to perform specialized tasks such as detention and control, operate emergency equipment perform First Aid, CPR, firefighting, crowd control, write detailed reports and perform other tasks as required by the client/ customer or the organization that they are serving.

Specific Security Services Operation personnel are required to go through additional training mandated by their firm or are required to carry weapons such as batons, firearms etc. For carrying firearms, Carry & Use (or C&U) license issued by the police is required.

The career path of Security Services Operation personnel provides structured set of activities that enables a person who aspires to achieve competency in this particular occupation, ultimately enhancing him or her on a career in Security Services Operation level two (2). It is compulsory for Security Services Operation level two (2) to complete core competency units training before pursuing elective core competency units training. The role and responsibilities of Security Services Operation personnel encompass some elements of problem solving and decision making, and their work activities are not routine or predictable, thus, level one (1) is non-existent.

Security Services Operation is a pillar that comes under the sub-sector of Defence & Security Services. Fig. 1.1 is an extract from the complete Occupational Profile Chart. This chart shows the structured career path of security operation personnel. It provides structured set of activities that enables a person who aspires to achieve competency in this particular occupation, ultimately enhancing him or her to embark on a career in the Defence & Security Services.

The Economic Planning Unit (EPU) has prepared a comprehensive 10th Malaysian Plan (10MP) which is a blueprint in order to assign the national budget from 2011 to 2015 to all economic sectors in Malaysia. One of the key trusts of 10MP is the charting development of a high income nation by transforming to high income through specialization. Low skills jobs come with low wages and skilled jobs come with higher wages.

The subject of security has become ubiquitous factor and is now being dealt with more seriously at all levels of communities in Malaysia. The development of physical structures such as high rise buildings, condominiums, guarded communities and commercial structures are in dire needs for such security operation services. Due to these requirements, there is urgency to developing the new NOSS. Currently, there is a shortage of security operation personnel and the future for these personnel are very bright and a path way to a rewarding career that can ensure services given meet the professional standard as required by the industry/ customer.

Security Operation Services is recognised globally as a huge growth area and there is a need for properly trained personnel at Level 2 as well as upper levels. This will provide a structured career path and career guidance for individuals and organizations alike. Having a suitably skilled workforce will improve Malaysia as a centre of excellence in the region and help towards inward investment in the country.

This NOSS provides first hand information to the workers regarding **Security Operation Services** working environment inclusive of good security operating practice, good security procedural practice, security uniform requirements and safety practices enforced by KDN and other regulatory bodies. This NOSS also provides a career path and employment development for those involved in this industry. A new Occupational Structure is shown in *Figure 1.1 Occupational structures for Security Operation Services*. Consequently, the development of this NOSS at Level 2 (*Refer Figure 1.2 Occupational Area Analysis*) for Security Operation Services is essential so that the sub sector will have complete standards and guidelines to be used by the industry.

Pre-Requisites

Based on the workshop findings, it was decided that the minimum requirement for those interested to enrol into this course are as follows:

- 17 years of age or older.
- Medically and physically fit.
- Minimum Secondary school
- Proficient in Writing, reading and counting (3M: membaca, mengira & mengira).
- Pass pre-medical check-up

These pre-requisites are in line with minimum requirements set for the Security Services Industry by Kementerian Dalam Negeri (KDN) and Kementerian Sumber Manusia (KSM). With respect to the regulating bodies, the roles are as follows:

Security operation services industry requirement

- To promote and stimulate the development, improvement and expansion of Security Operation Services works;
- Security Operation Services operation works critical value added activity for the services rendered.
- To provide consultancy and advisory services with respect to Security Operation Services works;
- To promote professional practices in Security Operation Services works;
- To initiate and maintain Security Operation Services works information systems;
- To encourage the standardization and improvement of Security Operation Services works techniques and materials;
- To provide, promote, review and coordinate training programmed organized by the public and private Guard & Security Services training centres for skilled security operation workers and security operation services supervisors;
- To accredit and certify skilled Security Operation Services works personnel.

Kementerian Dalam Negeri (KDN)

As a regulatory body which enforces the security and safety aspects in Malaysia, the role of KDN is to control the security of the people, environment and workers by ensuring the security officer can provide the security and safety protections in Malaysia.

- a) The following acts are been enforced by KDN:Private Agency Act 1971.
- b) Guidelines, codes of practice, circulars.

Malaysia Immigration Department

As a regulatory body which enforces the foreign workers' aspects in Malaysia, the role of Immigration Department is to control the foreign workers' entry into Malaysia in order to ensure security of the people, environment and workers.

The following acts are been enforced by KDN:

- a) Immigration Act 1959/1963.
- b) Guidelines, codes of practice, circulars.

Royal Malaysian Police Department (PDRM)

As a regulatory body which enforces the security aspects in Malaysia, the role of the Royal Police Department is to control the crimes in Malaysia in order to ensure security of the people, environment and workers.

The following acts are been enforced by KDN:

- a) Police Act, Criminal Procedure Code
- b) Guidelines, codes of practice, circulars.

Department of Occupational Safety and Health (DOSH)

As a regulatory body which enforces the occupational safety and health aspects in Malaysia, the role of DOSH is to study and review the policies and legislations of occupational safety and health.

The following acts are been enforced by DOSH:

- a) Occupational Safety and Health Act 1994 and its regulations.
- b) Guidelines, codes of practice, circulars.

3. DEFINITION OF COMPETENCY LEVEL

The NOSS is developed for various occupational areas. Candidates for certification must be assessed and trained at certain levels to substantiate competencies. Below is a guideline of each NOSS Level as defined by the Department of Skills Development, Ministry of Human Resources, Malaysia.

Malaysia Skills Certificate: Level 1	Competent in performing a range of varied work activities, most of which are routine and predictable.
Malaysia Skills Certificate: Level 2	Competent in performing a significant range of varied work activities, performed in a variety of contexts. Some of the activities are non-routine and required individual responsibility and autonomy.
Malaysia Skills Certificate: Level 3	Competent in performing a broad range of varied work activities, performed in a variety of contexts, most of which are complex and non-routine. There is considerable responsibility and autonomy and control or guidance of others is often required.
Malaysia Skills Diploma: Level 4	Competent in performing a broad range of complex technical or professional work activities performed in a wide variety of contexts and with a substantial degree of personal responsibility and autonomy. Responsibility for the work of others and allocation of resources is often present.
Malaysia Skills Advanced Diploma: Level 5	Competent in applying a significant range of fundamental principles and complex techniques across a wide and often unpredictable variety of contexts. Very substantial personal autonomy and often significant responsibility for the work of others and for the allocation of substantial resources features strongly, as do personal accountabilities for analysis, diagnosis, planning, execution and evaluation.

4. MALAYSIAN SKILL CERTIFICATION

Candidates after being competent verified and have fulfilled Malaysian Skill Certification requirements shall be awarded with Sijil Kemahiran Malaysia (SKM) for Level 2. Competent verified for Level 4 and 5 shall be awarded with Diploma Kemahiran Malaysia and Diploma Lanjutan Kemahiran Malaysia respectively.

The pre-requisite to pursue this course include possessing good reading, writing and communicating skills, besides physically and mentally healthy. All candidates must undergo on job training to attain knowledge and skills in Security Operation Services.

Verified competent candidates who fulfil Security Operation Services requirements shall be awarded with Level 2 certificate.

Assessment must be in accordance with the following:

NOSS outlines competency unit and competency profile in the Security Services Operation working environment as required by the industry and has been developed as well as documented following extensive collaboration across key Malaysian organisations. It is imperative that the duties and tasks outlined follow a high standard as well as consistency throughout the assessment process. This can only be done by stipulating a precise framework in which the assessment of competency unit and curriculum of competency unit must be conducted. The training & assessment of Security Operation Services personnel must be committed in accordance with *JPK* policy and in adherence to security Operation Services rigorous process and standard as follows:

- a) The final assessment of competency must include the combination of documented continuous assessment conducted by the facilitator during training and the results of post-training examination;
- b) The post-training examination must be practical in nature and involve demonstration & application of the duties of the competency units and work activities utilizing real equipment and real-world examples;
- c) The competency and curriculum unit as outlined in this NOSS must be assessed throughout the training program and during a post-training examination;
- d) The learning environment and facilities need to be in accordance with the requirements of the Security Services Operation industry;
- e) The development and assessment of the competency and curriculum unit profile must demonstrate transferable skills;
- f) The development and assessment of the competency unit & competency profile must include documentation by candidates both during training and examination;
- g) All training and assessment materials must be mapped and verified to be in accordance with the NOSS for Security Services Operation by a panel of industry subject matter experts appointed by JPK with the support of the Security Services Operation Industry.

5. JOB COMPETENCIES

A Security Operation Services Operation in Level 2 personnel is competent in performing the following core competencies

- Premise Access/ Exit Control
- Security Patrolling
- Workplace Security & Safety Control
- Security Risk Situation Control
- Unarmed Close Protection / Unarmed Escort (Bodyguard)

It is compulsory for Security Services Operation level two (2) to complete all core competency units training before pursuing elective competency units training.

Optionally The Security Operation Services Operation in Level 2 personnel is competent in performing the following elective competencies:-

- Armed Protection
- Cash & Valuable In Transit (CVIT) Handling
- Security Transportation Handling

6. WORKING CONDITIONS

Generally, Security Operation Services Operation personnel work according to the work schedule and responsible to meet production and client's requirements. The personnel are also responsible to adhere to workplace Standard Operating Procedure and organization work activities. This covers such matters as skills, training, communication and competency. They may work in an industry with operation by superior.

Personnel also have the opportunity to develop their career path in other related field such as Guard & Security Services and hospitality industries.

The Security Operation Services Operation personnel should be able to concentrate on detailed work and be able to work in shift. During working condition, personal must wear company's badge, proper attire and security equipment— to protect self from any incident.

Today's environment in the Guard & Security Services industry is cost containment and customer service cutting edge. In our economy, all parties are competing to reduce costs and to get services to customers faster at the same time not compromising on professionalism. Security Operation Services has been an asset in this environment and in Malaysia the economic transformation has cost the Guard And Security Services industry to move to the level where workers in the Guard And Security Services field are able to work independently to perform varied work activities and can solve simple problems as well as, have considerable amount of responsibility and autonomy and control in operations.

The development of international standards for Guard and Security Services has had a significant impact on Guard and Security Services. In the Guard And Security Services -operating environment, where a lot of responsibilities are shouldered by the worker in the operations, guidance of others are often required to ensure quality assured and validation process is used to optimize Guard And Security Services procedures.

What does the future look like? Security Operation Services remains a valued service by the Guard and Security Services industry and security personnel remain the primary source of power for Guard and Security Services industry.

7. EMPLOYMENT PROSPECTS

The Security Services Operation personnel have a high employment prospect whether locally or internationally. This is because the local expertise workforce is recognised by other countries as being highly knowledgeable and skilled in Security Services Operation industry. This in turn increases the demand for skilled personnel in this field to be employed locally or internationally.

Other related occupations with respect to employment opportunities are:

- Bodyguard
- Escort
- Private investigator
- Any other organization using Guard and Security Services personnel.

Other related industries with respect to employment opportunities are:

- Training Centres
- Guarded public and private community centres
- Factories
- Financial Institutes
- Entry points/ Sea ports/ Air ports/ Train services

Sub Sector	GUARD & SECURITY SERVICES								
Area	SECURITY SERVICES OPERATION								
Competency Unit Title	SECURITY PATROLLING								
Learning Outcome	<p>The person who is competent in this CU shall be able to provide excellent service using patrolling procedures so that premises are patrolled and observed according to schedule and at the same time security and safety matters are verified according to requirements and prompt action is taken according to industry standards.</p> <p>Upon completion of this competency unit, trainees will be able to :-</p> <ol style="list-style-type: none"> 1. Prepare for patrolling duties. 2. Perform security patrolling and clocking. 3. Perform physical threat assessment. 4. Carry out security Surveillance. 5. Maintain log books & Security Incident Report (SIR). 								
Competency Unit Code	DS-010-2:2013 C02	Competency Type	CORE	Level	2	Training Duration	140	Credit Hour	14

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
1. Prepare for patrolling duties.	1.1 Introduction to patrolling duties: <ul style="list-style-type: none"> • Patrolling task • Patrolling schedule • Patrolling site • Assignment instructions. 1.2 Description of patrolling duties: <ul style="list-style-type: none"> • Patrolling Routes. • Frequency of patrolling. • Number of clocking points (if any) on patrolling site. • Number of personnel assigned. 			10	Lecture	1.1 Patrolling task, schedule, route and assignment instructions are determined. 1.2 Patrolling route and frequency of patrolling is clarified. 1.3 Patrolling and personal safety checks are conducted.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>1.3 Patrolling equipment :</p> <ul style="list-style-type: none"> • Types of patrolling equipment. • Patrolling equipment serviceability procedure. <p>1.4 Emergency escape/ access routes checking process.</p> <ul style="list-style-type: none"> • Patrolling and personal safety checks • Emergency escape determining procedure. • Exit clear of hindrance. <p>1.5 Patrolling vehicle preparing procedures.</p> <ul style="list-style-type: none"> • Choice of patrolling vehicle for operation. • Functionality of vehicle • Security system and communication equipments up keeping procedure. 					<p>1.4 Patrolling equipment serviceability is checked and confirmed.</p> <p>1.5 Security system and communication equipment's are operated and maintained.</p> <p>1.6 Emergency escape/ access routes are checked.</p> <p>1.7 Alarm activations or warnings are responded.</p>
		<p>1.1 Obtain patrolling task schedule, route and client assignment instructions.</p> <p>1.2 Identify patrolling duties.</p> <p>1.3 Determine patrolling routes.</p> <p>1.4 Determine Frequency of patrolling.</p>	<p>Attitude:</p> <ul style="list-style-type: none"> -Ensure patrolling task schedule is followed. -Ensure systematic safety steps for route and frequency of patrolling are applied. 	23	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		1.5 Determine No of clocking points (if any). 1.6 Obtain patrolling equipment and check for serviceability. 1.7 Conduct emergency escape/ access routes check. 1.8 Inspect patrolling vehicle and prepare for operation (optional). 1.9 Determine functionality of patrolling vehicle. 1.10 Determine security system and communication equipments up keeping process. 1.11 Up keep security system and communication equipments.	<p><u>Safety:</u></p> <ul style="list-style-type: none"> - Ensure patrolling equipments are in working order prior to performing patrolling duties. - Adhere to safety requirements. - Ensure discipline at highest level. <p><u>Environment:</u></p> <ul style="list-style-type: none"> - Ensure self-discipline and compliance to KDN policies. 			
2. Perform security patrolling and clocking.	2.1 Description of patrolling site. <ul style="list-style-type: none"> • Assigned location. • Clocking points clocked. • Designated Routes. 2.2 Personal safety checks (if required) procedure. <ul style="list-style-type: none"> • Assigned location that has people and vehicle movement. 			10	Lecture	2.1 Assignment instructions are determined and personal safety checks are conducted. 2.2 Patrolling site and clocking points are determined.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>2.3 Alarm activations or warnings responding procedure.</p> <p>2.4 Security system and communication equipment operating and maintaining procedure.</p>					<p>2.3 Patrolling is conducted at designated routes.</p> <p>2.4 Alarm activations and warnings (when required) are responded.</p>
		<p>2.1 Determine assigned security patrolling duty.</p> <p>2.2 Check assigned patrolling location /site.</p> <p>2.3 Determine clocking points at patrolling site.</p> <p>2.4 Check and confirm designated patrolling routes.</p> <p>2.5 Conduct patrolling duties.</p> <p>2.6 Conduct personal safety checks at patrolling site (if required).</p> <p>2.7 Conduct surveillance at patrolling site.</p> <p>2.8 Respond to alarm activations or warnings.</p> <p>2.9 Conduct physical safety checking to alarm activated area / site.</p>	<p><u>Attitude:</u></p> <ul style="list-style-type: none"> - Ensure patrolling task schedule confirmed. - Ensure systematic safety steps for route and frequency of patrolling are applied. - Ensure site surveillance conducted prior to performing patrolling duties. <p><u>Safety:</u></p> <ul style="list-style-type: none"> - Adhere to safety requirement. - Safety work procedures. - Alertness at all times. - Adhere to PPE requirements. 	23	Demonstration & Observation	<p>2.5 Physical safety checking to alarm activated area / site is conducted.</p> <p>2.6 Security system and communication equipment are operated and maintained.</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		2.10 Operate and maintain security system and communication equipment.	<u>Environment:</u> - Follow SOP, manuals and specifications.			
3. Perform physical threat assessment	3.1 Security physical observation. 3.2 Potential security risks. 3.3 Physical threat assessment conducting procedure. • Threat Identification. • Threat analysis. • Prompt action . 3.4 Incident recording procedure: • Patrolling log book/ daily log book entries. • Security Incident Reporting (SIR).			9	Lecture	3.1 Threat assessment procedure is clarified. 3.2 Potential security risks are identified. 3.3 Threat is identified and analyzed then action is taken. 3.4 Threat incident is recorded in patrolling log book/ daily log book. 3.5 Daily report is submitted.
		3.1 Conduct security physical observation at patrolling site. 3.2 Identify potential security risks at patrolling site. 3.3 Conduct patrolling site threat assessment. 3.4 Record in patrolling log book/ daily log book and submit report.	<u>Attitude:</u> - Ensure thorough physical observation conducted. - Systematic safety for potential security risks. - Proactive when at potential security risks sites and take immediate action	17	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
			<p><u>Safety:</u></p> <ul style="list-style-type: none"> - Alertness at all times. - Adhere to safety of self and others. - Proactive when identifying threat and take action. <p><u>Environment:</u></p> <ul style="list-style-type: none"> - Self-discipline and compliance to KDN policies. 			
4. Carry out security surveillance	<p>4.1 CCTV surveillance conducting procedure.</p> <ul style="list-style-type: none"> • Risks area identification. • Weakness/damaged physical security site. • Violation on safety & Security rules. • CCTV system functionality. • Observation of “CCTV recording in progress” mode. • CCTV recording procedure. • CCTV recording evidence storage. <p>4.2 Irregularities detecting procedure</p> <ul style="list-style-type: none"> • Intrusion detection. • Any force entry and any break- in detecting procedure. 			7	Lecture	<p>4.1 Security Surveillance via CCTV conducting procedure is determined.</p> <p>4.2 Physical Security weakness/ damages are checked.</p> <p>4.3 Intrusion, any force entry and any break- in is detected and checked.</p> <p>4.4 Violation on safety & Security rules are checked</p> <p>4.5 Security surveillance is conducted via CCTV on potential risk areas.</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<ul style="list-style-type: none"> Equipment functionality or malfunction detection procedure. Screen malfunction or obvious security flaw detection. <p>4.3 Security surveillance reporting procedure.</p> <ul style="list-style-type: none"> Obvious security surveillance flaw reporting procedure. Sub Sector	GUARD & SECURITY SERVICES								
Area	SECURITY SERVICES OPERATION								
Competency Unit Title	WORKPLACE SECURITY AND SAFETY CONTROL								
Learning Outcome	<p>The person who is competent in this CU shall be able to provide excellent workplace security/ safety control, handle safety/security violation and crime incident and also emergency respond & evacuation and conduct crowd control/traffic control.</p> <p>Upon completion of this competency unit, trainees will be able to :-</p> <ol style="list-style-type: none"> 1. Carry out workplace regulation enforcement 2. Handle security violation and crime incident 3. Handle safety violation 4. Participate in workplace emergency respond & evacuation 5. Conduct crowd control/ traffic control 								
Competency Unit Code	DS-010-2:2013 C03	Competency Type	CORE	Level	2	Training Duration	147	Credit Hour	14.7

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
1. Carry out workplace regulation enforcement	1.1 Enforcement procedure of entry/ exit workplace premise safety and security. <ul style="list-style-type: none"> • Enforcement team • Emergency Respond Team/ Leader (ERT/L) 1.2 Workplace entry/ exit inspection of personal. <ul style="list-style-type: none"> • Workplace personal entry/ exit pass inspection procedure. • Entry/ exit pass misuse reporting procedure • Unauthorized personnel entry checking procedure. 			9	Lecture	1.1 Security inspection enforcement procedure of entry/ exit of personnel, vehicle, premise and goods are clarified. 1.2 Workplace security enforcement procedure determined and regulations are enforced.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>1.3 Workplace vehicle entry/ exit inspection.</p> <ul style="list-style-type: none"> • Workplace vehicle entry/ exit pass inspection. • Vehicle entry/ exit pass misuse reporting procedure. • Vehicle checking procedure. <p>1.4 Workplace entry/ exit safety violation.</p> <p>1.5 Workplace safety equipment location.</p> <ul style="list-style-type: none"> • Check and confirm number of equipment. • Designated location of equipment. • Functionality of equipment. 					<p>1.3 Details for workplace safety violation handling procedure are determined.</p> <p>1.4 Workplace safety violation is handled.</p> <p>1.5 Safety equipment checklist is determined.</p> <p>1.6 Safety equipment available at designated location at workplace is checked and confirmed.</p> <p>1.7 Workplace security requirements and security violation is handled.</p>
		<p>1.1 Inspect workplace personal entry/ exit pass.</p> <p>1.2 Check unauthorized personal entry.</p> <p>1.3 Inspect vehicle entry/ exit.</p> <p>1.4 Follow vehicle checking procedure.</p> <p>1.5 Enforce premise safety and security inspection.</p> <p>1.6 Handle safety entry/ exit violation.</p>	<p>Attitude:</p> <ul style="list-style-type: none"> - Diplomatic in dealing with sensitive issue. - Effective in communication with people. <p>Safety:</p> <ul style="list-style-type: none"> - Alertness at all times when enforcement entry/ exit at workplace. - Adhere to safety requirement. 	19	Demonstration & Observation	<p>1.8 Workplace regulation is enforced and action is taken.</p> <p>1.9 Workplace security violation and crime incident is investigated and reported.</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		1.7 Check and confirm safety equipment location available at designated workplace.	<p><u>Environment:</u></p> <ul style="list-style-type: none"> - Ascertain Teamwork in ensuring smooth enforcement operation. - Self discipline and compliance to KDN policies. 			
2. Handle security violation and crime incident	<p>2.1 Workplace security violation.</p> <ul style="list-style-type: none"> • Tempering <ul style="list-style-type: none"> ○ Alarm system. ○ Punch card system. <p>2.2 Workplace crime incidences.</p> <ul style="list-style-type: none"> • Infringement. • Pilferage. • Stealing. • Hiding. <p>2.3 Procedures to take appropriate action.</p> <ul style="list-style-type: none"> • Warning procedure. • Regulatory bodies' Informing procedure. • Letter of show cause. <p>2.4 Workplace security incident recording procedure:</p> <ul style="list-style-type: none"> • Recording in log book/ daily log book. • Security Incident Reporting (SIR). 			11	Lecture	<p>2.1 Workplace Security violation is identified.</p> <p>2.2 Workplace crime incidences are monitored and surveillance conducted.</p> <p>2.3 Security job functions are performed and appropriate action is taken.</p> <p>2.4 Security violation and crime incident report is made to superior and recorded.</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		2.1 Identify workplace security violation. 2.2 Conduct workplace security violation surveillance. 2.3 Take action on workplace security violation. 2.4 Gather workplace security violation report. 2.5 Update Security Incident Report (SIR) format.	<p><u>Attitude:</u></p> <ul style="list-style-type: none"> - Firmness in dealing with people. - Alert while enforcing security inspection. - Vigilant in ascertaining best procedure adherence. - Meticulous in describing workplace security incident. <p><u>Safety:</u></p> <ul style="list-style-type: none"> - Safety work procedures. - Ensure discipline at highest level. <p><u>Environment:</u></p> <ul style="list-style-type: none"> - Self-discipline and compliance to KDN policies. 	22	Demonstration & Observation	
3. Handle Safety Violation	3.1 Description of workplace risk area. 3.2 Safety violations. Detecting procedure. <ul style="list-style-type: none"> • Intrusion detection. • Force entry and break-in detecting and checking procedure. • Robbery, riots, sabotage, taking of hostage or serious violence. 			8	Lecture	3.1 Workplace risk areas are identified. 3.2 Safety violations such as robbery, intrusion, riots, sabotage, taking of hostage or serious violence are identified.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>3.3 Procedures to take appropriate action.</p> <ul style="list-style-type: none"> • Warning procedure. • Regulatory bodies' Informing procedure. • Letter of show cause. <p>3.4 Workplace safety incident recording procedure:</p> <ul style="list-style-type: none"> • Recording in log book/ daily log book. • Security Incident Reporting (SIR). 		.			<p>3.3 Any force entry and any break- in is checked and detected.</p> <p>3.4 Safety violation assessed and relevant authorities such as immediate superior or Polis informed.</p> <p>3.5 Unnecessary crowding of staff or bystanders is dispersed.</p>
		<p>3.1 Identify workplace safety violation.</p> <p>3.2 Detect safety intrusion.</p> <p>3.3 Check and detect any force entry and any break- in.</p> <p>3.4 Assess safety violation.</p> <p>3.5 Call relevant authorities.</p> <p>3.6 Take action on workplace safety violation.</p> <p>3.7 Use baton only as right of self defence.</p> <p>3.8 Negotiate to disperse fights in workplace.</p> <p>3.9 Disperse unnecessary crowding of staff or</p>	<p>Attitude:</p> <ul style="list-style-type: none"> - Firmness in dealing with employees. - Alert while enforcing safety at workplace. - Vigilant in ascertaining best procedure adherence. - Meticulous in describing safety incident. <p>Safety:</p> <ul style="list-style-type: none"> - Alertness at all times. - Cautiousness while undertaking the enforcement. - Ensure discipline at highest level. 	20	Demonstration & Observation	<p>3.6 The threats, vulnerabilities and the implications of violation that can cause property damage or lost are determined.</p> <p>3.7 Action taken and baton is used only as right of self defence in accordance with authority given in job function.</p> <p>3.8 Workplace safety incident daily records are gathered.</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		bystanders. 3.10 Gather workplace safety violation report. 3.11 Generate and submit Safety Incident Report (SIR).	<u>Environment:</u> - Ascertain Teamwork in ensuring smooth enforcement operation.			3.9 Records gathered are assessed and Safety Incident Report (SIR) is generated and submitted.
4. Participate in Workplace Emergency Respond & Evacuation	4.1 Types of emergencies : <ul style="list-style-type: none"> • Fire. • Floods. • Gas/ Chemical. • Lift breakdown. 4.2 Relevant authorities informing procedures. <ul style="list-style-type: none"> • Contact numbers of regulatory bodies’. • Regulatory bodies’ informing procedure. • Emergency Respond Team/ Leader (ERT/L) 4.3 Emergency respond following procedure. <ul style="list-style-type: none"> • Escalation rules <ul style="list-style-type: none"> ○ Detection ○ Prevention ○ Control. • Details of self and incident • Evacuation plan. Relevant authorities. Instructions. 			10	Lecture	4.1 Types of emergencies are determined. 4.2 Relevant authorities are contacted and instructions are abided. 4.3 Personnel identification such as name, place of work, telephone number and location is informed to the relevant parties. 4.4 Brief description of situation is provided. 4.5 Emergency Respond & Evacuation plan drafted is followed.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>4.4 Emergency respond & evacuation incident recording procedure:</p> <ul style="list-style-type: none"> Recording in log book/ daily log book. Security Incident Reporting (SIR). 					<p>4.6 Emergency escape/ access routes checking requirements are determined.</p> <p>4.7 Emergency respond & evacuation plan is supported and put into action.</p> <p>4.8 Enforcement at the exit doors is tightened and any suspicious person identified and reported.</p> <p>4.9 Workplace emergency situation reported and problems encountered specified.</p>
		<p>4.1 Assess types of emergencies.</p> <p>4.2 Contact relevant authorities.</p> <p>4.3 Provide details of self and location of emergency.</p> <p>4.4 Provide brief description of emergency situation.</p> <p>4.5 Determine escalation rules to detect, prevent and control.</p> <p>4.6 Follow Emergency Respond Team/ Leader's (ERT/L) instructions and provide support.</p> <p>4.7 Record incident in safety incident report book.</p> <p>4.8 Update Safety Incident Report (SIR).</p>	<p><u>Attitude:</u></p> <ul style="list-style-type: none"> Be alert in monitoring the respond. Systematic in dispersing the affected crowd. Diplomatic discourse is taken when dealing with affected parties. Meticulous when provide emergency description. <p><u>Safety:</u></p> <ul style="list-style-type: none"> Adhere to the instruction by ERT/L. Ensure discipline at highest level. <p><u>Environment:</u></p> <ul style="list-style-type: none"> Ascertain teamwork in ensuring smooth enforcement operation. 	18	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
5. Conduct crowd control/ traffic control.	5.1 Crowd and traffic control. <ul style="list-style-type: none"> • Car park traffic control. • Emergency exit control. • Emergency exit/ escape route control. 5.2 Description of crowd and traffic control <ul style="list-style-type: none"> • Size of crowd • Type of crowd • Place / location of crowd • Regulatory bodies' informing procedure for unruly crowd. . • Number of accessible exits. 5.3 Crowd control/ traffic control and action taken. 5.4 Incidences reporting procedure. 5.5 Recording procedure in Security Incident Report (SIR).			9	Lecture	5.1 Crowd control/ traffic control procedures are determined. 5.2 Emergency exit control and emergency exit/ escape route control are accessed and exit enforced. 5.3 Superiors and relevant authorities are notified of crowd evacuation status and instructions are acquired. 5.4 People are notified of the exits and announcements are made to crowd to follow instructions provided by relevant authorities.
		5.1 Assess crowd control and traffic control. 5.2 Contact relevant authorities. 5.3 Provide co-operation to relevant authorities. 5.4 Provide support to Emergency Respond Team (ERP).	Attitude: – Details type of action and work function. – Analytical mind in determining type and action undertaken. Safety: – Alertness at all times.	21	Demonstration & Observation	5.5 People who need assistance are helped and moved to safety. 5.6 People advised to move swiftly but safely to assembly point area.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		5.5 Follow instruction of Emergency Respond Team/ Leader (ERT/L) 5.6 Record incident and generate Safety Incident Report (SIR). 5.7 Submit Safety Incident Report (SIR).				5.7 Vehicles are directed and guided out of the affected area to safety by cooperating with relevant authorities 5.8 Incidences and problems encountered are handled and reported.

Sub Sector	GUARD & SECURITY SERVICES								
Area	SECURITY SERVICES OPERATION								
Competency Unit Title	SECURITY RISK SITUATION CONTROL								
Learning Outcome	<p>The person who is competent in this CU shall be able to provide excellent workplace security and safety control and to handle professionally the entry/ exits of the customers' premises, vehicles, property and equipments. In the event of emergency, appropriate action is taken in accordance with authority given in their job function and workplace security and safety requirements, to provide excellent security risk situation control and is responsible to identify victims, control risk situation, protect victims and perform first response.</p> <p>Upon completion of this competency unit, trainees will be able to :-</p> <ol style="list-style-type: none"> 1. Perform First Aid & Cardiopulmonary Resuscitation (CPR). 2. Handle basic fire fighting. 3. Conduct contiguous symptom screening 4. Perform safety hazard check. 5. Handle risk/ threat situation. 6. Perform safety/security equipment serviceability /functionality check. 								
Competency Unit Code	DS-010-2:2013 C04	Competency Type	CORE	Level	2	Training Duration	154	Credit Hour	15.4

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
1. Perform First Aid & Cardiopulmonary Resuscitation (CPR).	1.1 Description of security risk situation. <ul style="list-style-type: none"> • Case of emergency. • First aid kit requirements. • Evacuation/crowd control requirements. • First aid & CPR requirements. • Case of emergency information providing procedure. • Assistance acquiring procedure. 			11	Lecture	1.1 Security risk and case of emergency situation is identified and assessed. 1.2 First aid kit is made available to the affected victim and respond of casualty is checked. 1.3 Relevant authorities are informed and crowd and bystanders are

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>1.1 First respond procedure.</p> <ul style="list-style-type: none"> • Relevant authorities • Crowd dispersing procedure. • Affected victim assessing procedure. • Help requesting procedure. <p>1.2 Responsibilities of Security officer during a case of emergency.</p> <ul style="list-style-type: none"> • Protection of self, casualties and others at the scene from possible danger. • Assistance providing procedure. • Safety of victim. 					<p>asked to disperse.</p> <p>1.4 Self, casualties and others at the scene are protected from possible danger.</p> <p>1.5 Assistance is provided and victim is moved to safety.</p> <p>1.6 Crowd control is conducted to facilitate first respond towards the victim.</p> <p>1.7 Ambulance is requested if causality is immobile.</p> <p>1.8 Report is made to superior and emergency incident is recorded.</p> <p>1.9 Crowd control is conducted to security risk and case of emergency situation.</p>
		<p>1.1 Assess security risk and case of emergency situation.</p> <p>1.2 Check affected victim and confirm respond of casualty.</p> <p>1.3 Conduct crowd control to facilitate first respond to security risk and case of emergency situation.</p> <p>1.4 Conduct first aid & CPR activities.</p>	<p><u>Attitude:</u></p> <ul style="list-style-type: none"> - Meticulous in describing security risk situation. <p><u>Safety:</u></p> <ul style="list-style-type: none"> - Alertness at all times. - Cautiousness while moving casualty from danger area. - Ensure discipline at highest level. 	20	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		1.5 Provide first aid to affected victims. 1.6 Move casualty from danger area to safety. 1.7 Check for other risk conditions. 1.8 Inform superior or Emergency Respond Team/ Leader (ERT/L) and get assistance	<u>Environment:</u> - Ascertain Teamwork in ensuring smooth enforcement operation.			
2. Handle basic Fire Fighting	2.1 Fire and location identification. 2.2 Category of fire hazards <ul style="list-style-type: none"> • Ordinary combustibles. • Flammable liquids. • Electrical equipment. • Metals. • Combustible cooking. <ul style="list-style-type: none"> ○ Fluids such as oils and fats. 2.3 Fire extinguisher/ hose/ hydrant. <ul style="list-style-type: none"> • Types of fire extinguishers verses fire type. • Usage of fire extinguisher. • Safety of fires extinguisher. • Refurbish fire extinguisher 			8	Lecture	2.1 Identification of fire hazard and hazard condition is determined. 2.2 Category of fire hazard is recognized and the usages of equipments such as fire extinguisher/ hose/ hydrant are determined. 2.3 The alarm or siren is sounded / activated to alert people of the fire.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<p>2.4 Fire extinguishing procedures.</p> <p>2.5 Fire incidents reporting and recording procedure.</p>					<p>2.4 Fire extinguisher/ hose/ hydrant are acquired and fire.</p>
		<p>2.1 Identify fire location and fire hazard condition.</p> <p>2.2 Assess fire seriousness.</p> <p>2.3 Recognize category of fire hazard.</p> <p>2.4 Determine fire extinguisher/ hose/ hydrant usage according to the category of fire hazard.</p> <p>2.5 Determine emergency exits and assembly points.</p> <p>2.6 Conduct crowd control and lead people to safety at assembly point.</p> <p>2.7 Provide assistance to Fire Fighters to extinguish /control the fire.</p> <p>2.8 Report and record fire incidents.</p>	<p><u>Attitude:</u></p> <ul style="list-style-type: none"> - Systematic in determining type of fire hazards. - Proactive to know the category of fire hazards. <p><u>Safety:</u></p> <ul style="list-style-type: none"> - Alertness at all times when assessing fire seriousness. - Cautiousness while undertaking crowd control. - Ensure discipline at highest level. <p><u>Environment:</u></p> <ul style="list-style-type: none"> - Ascertain teamwork in ensuring smooth enforcement operation. 	17	Demonstration & Observation	<p>2.1 The emergency exits and assembly point are determined.</p> <p>2.2 Crowd control is conducted and people are led to safety at assembly point.</p> <p>2.3 Fire fighters are assisted and fire is extinguished.</p> <p>2.4 Fire incident is recorded and reported.</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
3. Conduct Contiguous Symptom Screening	<p>1.6 Types of contiguous diseases and their symptoms.</p> <ul style="list-style-type: none"> • Communicable diseases. • Infectious diseases. • Physical contact. • Easily transmitted diseases. <p>2.6 Contiguous symptoms screening techniques and procedures.</p> <p>3.6 Regulatory bodies' supporting process.</p> <ul style="list-style-type: none"> • Effected person isolation process. • Assistance to control wide spread of diseases. 			6	Lecture	<p>3.1 Investigation of contiguous symptom is clarified.</p> <p>3.2 Effected persons are determined and quarantined.</p> <p>3.3 Procedures to handle contiguous infection are determined.</p> <p>3.4 Procedures and instructions are provided by regulatory bodies' and are complied.</p> <p>3.5 Support is provided to regulatory bodies' for the investigation of contiguous symptom to detect effected persons.</p>
		<p>3.1 Identify various types of contiguous diseases and their symptoms.</p> <p>3.2 Provide support to regulatory bodies' for the investigation of contiguous symptom to detect effected persons.</p> <p>3.3 Comply with instructions provided by regulatory bodies'.</p>	<p>Attitude:</p> <ul style="list-style-type: none"> - Systematic in determining visual work functions. - Meticulous in updating data and information to regulatory bodies. 	15	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		<p>3.4 Follow procedure from authorized bodies.</p> <p>3.5 Provide support to Regulatory bodies' to detect effected persons.</p> <p>3.6 Provide assistance to control wide spread of diseases.</p>	<p>- Analytical mind in following Contiguous Symptom Detection procedures.</p> <p><u>Safety:</u></p> <p>- Alertness at all times to recognize contiguous symptoms.</p> <p>- Adhere to safety requirement.</p> <p>- Ensure PPE worn at all times.</p> <p><u>Environment:</u></p> <p>- Ascertain teamwork in ensuring smooth enforcement operation.</p>			
4. Perform Safety Hazard Check	<p>4.1 Safety hazard and risk control.</p> <p>4.2 Occupational Safety and Health :</p> <ul style="list-style-type: none"> • Hazards <ul style="list-style-type: none"> ○ Environmental hazards. ○ Electrical hazards. ○ Mechanical hazards. ○ Chemical hazards. ○ Biological hazard. 			8	Lecture	<p>4.1 Safety hazards are identified and safety hazard/ defect are checked.</p> <p>4.2 Investigation procedure is outlined in accordance with Department of Occupational</p>

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	<ul style="list-style-type: none"> ○ Fire hazards. ○ Physical hazards. ○ Ergonomic hazards. ○ Psychological hazards. <p>4.3 Statutory regulation bodies.</p> <ul style="list-style-type: none"> ● Fire Fighting Department. ● Police Department. ● Local Municipality council. ● Civil defence department. ● Local Health Council ● Local Hospitals / Clinics. ● National Electricity Board. <p>4.4 Safety hazard / defect checking and investigating procedures.</p> <p>4.5 Hazard damages assessing procedure.</p> <p>4.6 Safety hazard /defect / damages recording and reporting procedure.</p>					<p>4.3 Safety and Health (DOSH).</p> <p>4.4 Cause of safety hazard is investigated and hazard damages are assessed.</p> <p>4.5 Report is made to superior and safety hazard incident is recorded.</p>
		<p>4.1. Identify safety hazard and risk control.</p> <p>4.2. Determine type of safety hazard,</p> <p>4.3. Check safety hazard/ defects.</p>	<p>Attitude:</p> <ul style="list-style-type: none"> - Details type of aesthetic / hazard. - Meticulous in checking safety hazard. 	19	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		4.4. Investigate cause of safety hazard. 4.5. Assess hazard damages. 4.6. Determine statutory regulation bodies responsibilities. 4.7. Contact statutory regulation bodies for assistance. 4.8. Report to superior and record in Safety Incident Report (SIR) book.	<u>Safety:</u> - Alertness at all times. - Cautiousness while undertaking the enforcement. - Ensure discipline at highest level. <u>Environment:</u> - Follow SOP to acquire manuals and specifications.			
5. Handle risk/ threat situation	5.1 Potential security risk: <ul style="list-style-type: none"> • Act of nature handling procedure. • Bomb threat handling procedure. • Security breaches handling procedure. • Scene of crime handling procedure. • Sexual harassment handling procedure. • Demonstration handling procedure. • Security risk information handling 5.2 Status, condition and seriousness of potential security risk/ threat.			8	Lecture	5.1 Potential security risk is identified. 5.2 Environmental factors are determined. 5.3 Seriousness of potential security risk/ threat situation is assessed. 5.4 Security risk/ threat are responded by providing clear, concise and constructive information of incident.

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
	5.3 Clear, concise and constructive information of the incident. 5.4 Recording and reporting procedure.					
		5.1 Identify potential security risk. 5.2 Determine environmental factors. 5.3 Determine act of nature handling procedure. 5.4 Determine bomb threat handling procedure. 5.5 Determine security breaches handling procedure. 5.6 Determine scene of crime handling procedure. 5.7 Determine sexual harassment handling procedure. 5.8 Determine demonstration handling procedure. 5.9 Determine security risk information handling.	<p><u>Attitude:</u></p> <ul style="list-style-type: none"> - Systematic in determining seriousness of potential security risk. - Details type of aesthetic / visual work function. - Meticulous in providing concise information on incident. <p><u>Safety:</u></p> <ul style="list-style-type: none"> - Adhere to risk/ threat safety requirements. - Adhere to safe work procedure. <p><u>Environment:</u></p> <ul style="list-style-type: none"> - Follow SOP to acquire manuals and specifications. 	17	Demonstration & Observation	

Work Activities	Related Knowledge	Related Skills	Attitude/ Safety/ Environment	Training Hours	Delivery Mode	Assessment Criteria
		<p>5.10 Assess seriousness of potential security risk/ threat situation.</p> <p>5.11 Providing clear, concise and constructive information of incident.</p> <p>5.12 Verify status of security risk/ threat situation.</p> <p>5.13 Report/ record security incident /risk/ threat situation.</p>				
6. Perform safety/security equipment serviceability / functionality check	<p>6.1 Types of safety/security equipment.</p> <p>6.2 Schedule for serviceability / functionality of safety/security equipment.</p> <ul style="list-style-type: none"> • Safety/security equipment manual. • Serviceability scheduling process. • Urgency for safety/security equipment service <p>6.3 Status and condition of safety equipment</p> <ul style="list-style-type: none"> • Fires extinguisher. • Alarm system. <p>6.4 Status and condition of security equipment</p>			8	Lecture	<p>6.1 Equipment serviceability / functionality testing procedure are determined.</p> <p>6.2 Expiry dates of the serviceability of equipment are determined.</p> <p>6.3 Malfunction of safety/security equipment is determined and reported.</p> <p>6.4 Repair schedule is interpreted and safety equipment is sent for repair.</p>
